NAVIGATION IS EASY WITH THE FOLLOWING FUNCTIONALITY:

When in the manual, the three dots in the upper right corner allow you to navigate quickly to different pages by swiping, selecting the desired page and then tapping the back arrow in the upper left corner.

You can also tap on a page when reading to open that page as larger text, which you can enlarge or make smaller depending on your reading preferences.

Selecting the heart icon at the top of a page will save that page in your "Saved Pages" tab accessible from the button in the upper left corner of the screen.
